RECENT EVENTS.

The All Saint's Church fundraising Quiz Night on Friday 8th March was very well supported, enjoyed and appreciated by all those who attended.

Steve Pratt held a successful race night on Saturday the 9th March raising funds for the Alice Charity which helps to move, families in crisis, forward to a brighter future.

The 'Planet Preservation Meeting' organised by Jill Jones held on Monday the 11th March attracted a good interest. The speakers covered a number of varied approaches and gave suggestions as to how they and we can contribute to this important issue.

The Friday night fund raising social evenings continue to be well supported with new faces appearing quite frequently and being made welcome by the regular supporters. Both killer darts and killer pool have emerged as firm favourites as the evenings progress.
